

FORTIFIED

Overview

Fortify is our highest level of protection, built for environments where security cannot be compromised. This system delivers our greatest delay against a forced entry, providing law enforcement those much-needed minutes to respond.

Benefits

Beyond physical breach protection, the **Fortify** level is NIJ and UL 752 certified, offering ballistic resistance against specific firearm threats. It is the advanced standard in transparent security, offering peace of mind when it matters most, while seamlessly integrating into existing glass systems with minimal visual impact.

Product Data Sheet

Independent Lab Testing:

- ANSI Z97.1 - Class A, Safety Glazing
- CPSC 16 CFR 1201 - Category I and II
- ASTM F 1233.08 - Class 2.0 Body Passage
- ASTM F 1233.08 Class 1.4
- ASTM F 1915 Grade 3
- ASTM F 1642 - Blast Mitigation
- ASTM F 3561 Forced Entry after Simulated Active Shooter - Level 8
- UL 972 - Burglary Resistant Glazing
- NIJ - 0108.01 O Level II
- UL752 - Level 2 Bullet Resistant

Product Specifications:

- Total Solar Rejection: 22%
- IR Rejection: Up to 57%
- UV Rejection: 99%
- Protection Level: Certified Ballistic-resistant protection
- Additional mechanical properties, including Tensile Strength available upon request
